

Introducing Flex Talks

30 minutes might affect your next medical device innovation

Join subject matter experts as they highlight the ideas that are transforming the design and manufacture of medical equipment and drug delivery devices. Join in the conversation at your topics of choice!

To automatically receive invitations to these events, email us at HealthSolutions@flex.com

Schedule

Medical Manufacturing & Supply Chain Series

SEPTEMBER

Using Advanced Simulation to De-Risk and Optimize Manufacturing

Sep 16th, 10 am EDT or 12pm EDT

OCTOBER

Supply Chain Resiliency in Good Times and Bad

Part 1 Sep 30th, 10 am EDT or 12pm EDT

Part 2 Oct 7th, 10 am EDT or 12pm EDT

NOVEMBER

New Strategies for Accelerating Time to Production and Volume Ramping

Nov 4th, 10 am EST or 12pm EST

DECEMBER

Tradeoffs in Regional vs. Global Manufacturing and Supply Chain

Dec 2nd, 10 am EST or 12pm EST

JANUARY

Manufacturing in China for China

Jan 6th, 10 am EST or 12pm EST

Medical Device Design & Development Series

SEPTEMBER

Designing Medical Devices To Be Intuitive

Sep 2nd, 10 am EDT or 12pm EDT

OCTOBER

Cybersecurity for Connected Medical Devices

Oct 21st, 10 am EDT or 12pm EDT

NOVEMBER

Are Your Products Ready for Remote Care? Adding the Right Sensors and Connectivity

Nov 18th, 10 am EST or 12pm EST

DECEMBER

Designing for Device Success; Methodologies Used by ID, UI, IX Teams

Dec 16th, 10 am EST or 12pm EST

JANUARY

Smart Devices: Embedded Firmware Development

Jan 20th, 10 am EST or 12pm EST
