September 2020 through January 2021 schedule

Medical Manufacturing & Supply Chain Series

SEPTEMBER

**Supply chain
resiliency in good
times and bad**

Part 1

September 30, 2020
10 am ET or 12pm ET

OCTOBER

**Supply chain
resiliency in good
times and bad**

Part 2

October 7, 2020
10 am ET or 12pm ET

NOVEMBER

**New strategies for
accelerating time
to production and
volume ramping**

November 5, 2020
10 am ET or 12pm ET

DECEMBER

**Tradeoffs in
regional vs. global
manufacturing and
supply chain**

December 2, 2020
10 am ET or 12pm ET

JANUARY

**Manufacturing in
China for China**

January 6, 2021
10 am ET or 12pm ET

Medical Device Design & Development Series

SEPTEMBER

**Designing medical
devices to be
intuitive**

September 2, 2020
10 am ET or 12pm ET

OCTOBER

**Cybersecurity for
connected medical
devices**

October 21, 2020
10 am ET or 12pm ET

NOVEMBER

**Are your products
ready for remote
care? Adding the
right sensors and
connectivity**

November 18, 2020
10 am ET or 12pm ET

DECEMBER

**Designing for
device success;
methodologies used
by ID, UI, IX teams**

December 16, 2020
10 am ET or 12pm ET

JANUARY

**Smart devices:
embedded firmware
development**

January 20, 2021
10 am ET or 12pm ET

Flex is the manufacturing partner of choice that helps a diverse customer base design and build products that improve the world. Through the collective strength of a global workforce across 30 countries and responsible, sustainable operations, Flex delivers technology innovation, supply chain, and manufacturing solutions to various industries and end markets.
